If you would like to know the best pets to have in the game, we have a guide on that too for you to check out. AndroidiOSMobile GamesPCRoblox BY MURDOCK Murdock Writer and Storywriter PUBLISHED 2 YEARS AGO Within a world with virtually endless possibilities like Adopt Me, you will be expected to make some tough decisions about different pets, toys, houses, and many more things that you will need to buy in the game. With so many choices, it’s easy to see how someone might get overwhelmed by the list of choices for each one of those categories. In light of this fact, we chose to show you the most expensive and practical houses on the market!We hope that this list will help you in making a decision for what kind of house you will buy or what kind of accommodation you’re looking for!The 10 Most Expensive Houses in Adopt MeSome of the mentions in this list you’re already familiar with, and most of them are houses which were added quite later in the game. So, in theory, there might be some that you aren’t aware of.Nevertheless, the list goes on and on, so being the straightshooter I am, let’s not waste any more time and get straight into it.Luxury ApartmentsThis is one of the most expensive houses in Adopt Me, coming in at a whopping 8,000 bucks! However, it can only be sold for 6,000 by players.It is a six-story building, which means that there are many rooms in it, 22 to be exact. You could easily get lost in this house!Ruler’s CastleComing in at 6,899 bucks, the price point makes this house the second most expensive accommodation in the game.Hollywood HouseHaving a custom theater and a custom “cinema” sign in front increases the price of this house to 4,500 bucks.Party HouseThe unique esthetic makes it the crowd favorite, and that definitely includes me as well. It has a clean and sharp design when looked at from the outside, and it will set you back 3,575 bucks if you buy it.Dragon’s CastleIf having a dragon and a windmill as one building is your thing, then this house is the one for you! Because of this enormous dragon, this house costs 3,000 bucks.Futuristic HouseSimilar appearance to the Party House, the Futuristic is quite lower in price, but you might wonder why. The truth is, not many know why this house is 2,500 bucks, more than a thousand less than the party house.Millionaire MansionThis house isn’t bought with bucks, so we hesitated to put it into this 10 most expensive houses in Adopt Me list, however, Robux still is a currency so it is only fair it is included.It comes as part of the Millionaire Pack, i.e. the gamepass which costs a whopping 1,250 Robux.Celebrity MansionTo get this house, a player must buy the Celebrity Mansion gamepass. This gamepass will cost around 800 Robux. But for that price, you’ll also get a new car!MansionWe already covered some mansions in this list, however, the classic mansion, is just that, a classic! Large enough to throw the largest parties, but also with a large price point. It will cost you 1,944 to buy it.Modern MansionWhile having an interior that is an exact copy of the Gingerbread house, it has a clean and good-looking exterior, that is worth for the 350 Robux price point.Even with all of these narrowed choices, one still might get overwhelmed with so many choices. The truth is that the houses in this list are big enough for anything, and beautiful enough to “wow” anyone.Whichever you decide to end up at the end of the day, all of them are a solid choice.READ NEXT : Adopt Me: What Is the Use For Gingerbread Check out my roblox merch roblox groups 6095754 arisu squad storehouse used futuristic hometotal spent 4084social media amp infotwi- Modern Futuristic Home Speed Build Part 1 Adopt Me Roblox This is a list of image Modern Futuristic Home Speed Build Part 1 Adopt Me Roblox best After just adding syntax you can one Article to as many 100% Readable editions as you like that individuals inform in addition to demonstrate Creating stories is a lot of fun to you personally.
